

GREY LUNDBERG, INC. FACT SHEET

Grey Lundberg, Inc. is a custom builder and remodeler of high-end homes in the Greater Seattle and Suncadia Resort/Cle Elum areas. With a deep commitment to sustainable building products and practices, Grey Lundberg, Inc. is a recognized leader in the green building industry, earning numerous national awards and recognition for quality construction and green building techniques.

Founded: 1984

Headquarters: Bellevue, WA

About The Urban Lodge: Demonstrating that high end luxury can go hand in hand with sustainable building, The Urban Lodge project illustrated the economic, environmental, health and lifestyle benefits of using green materials and building techniques. www.thebuiltgreenhome.com

Green Features of The Urban Lodge:

Five-Star Certified Built Green Home

- Highest standard of Built Green program
- Designed to use at least 30% less energy than a typical new home
- Over 70% of construction waste separated and recycled

Gold Level Verification – NAHB Model Green Home Building Guidelines

- Highest level of lot design, preparation and development; resource efficiency; energy efficiency; water efficiency; indoor environmental quality; operation, maintenance and homeowner education

Specific Features:

- On-site recycling; low-impact development; organic sustainable landscaping; living wall; lumber manufactured by recycled waste wood; cutting edge air purifying systems; tankless hot water heater; permeable pavers in driveway

Sustainable Products:

- Cork flooring, sustainably harvested wood flooring, reclaimed wood elements; energy efficient appliances, windows, and heating and cooling systems; recycled material countertops; low-VOC paints and cabinetry

Awards Received for The Urban Lodge
